

Gene	Expression	Predictions	
		Codon usage bias	Evolutionary rate
A	High	High	Low
B	Medium	Medium	Medium
C	Low	Low	High
D	???	???	???
E	???	???	???

If _____ gene expression matters then codon usage bias order (high...low) should be _____

Mean	A > B = D = E > C
Median	A > B = D = E > C
Maximum	A = D = E > B > C
Minimum	A > B > C = D = E
